Preliminary Amendment Acknowledgment

Receipt is acknowledged of Preliminary Amendment in PCT application filed on Dec 4/2001.

Allowable Subject Matter

Claims 5-9 are allowed.

The following is an examiner's statement of reasons for allowance:

Independent claim 5, more particularly defines a method for reproducing information where conflict situations or attention conflicts are avoided by simultaneous reproduction of information from different information sources that are coupled to other. This is achieved by way of a time offset in the reproduction of information simultaneously awaiting reproduction. These particulars, combined with the remaining claim elements, are not suggested in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2655
